

Do NOT enter the Red Zone!

START

Red Guide Posts are being installed throughout the Riverina and Central Western NSW (by weed officers) to identify biosecurity risks along our roadsides. The posts alert road users of the site they need to avoid to prevent further spread of priority weeds along high risk pathways.

Further information on the **Red Guide Post** project can be found at www.riverinaweeds.org.au or contact your local weed officer.

By avoiding **Red Guide Posted** areas we can all help stop the spread of weeds!
